1 Listing of financial instruments

(1.1) Which financial instruments can be applied for listing at the Stuttgart Stock Exchange?

At the Stuttgart Stock Exchange financial instruments like equities (in-state, out-of-state), bonds, funds, Exchange-Traded Products (Exchange-Traded Funds, Exchange-Traded Notes, and Exchange-Traded Commodities), profit-participation certificates and structured securities can be applied for listing.

(1.2) Which market segments are available for financial instruments?

Different market segments can be selected for the listing of financial instruments at the Stuttgart Stock Exchange. These market segments comply with the European regulatory. Hence, financial instruments can be listed in the Regulated Market or in the Regulated Unofficial Market.

(1.3) What is the difference between the Regulated Market and the Regulated Unofficial Market?

Both market segments comply with the European regulatory.

The market segment Regulated Market is a regulated market pursuant to the directive 2014/65/EU of the European Parliament and the European Council from 15 May 2014 about the markets for financial instruments, as well as the amendments of the directive 2002/92/EG and 2011/61/EU (EU), and the act (MiFID II).

The market segment Regulated Unofficial Market is a multilateral trading facility (MTF) pursuant to the MiFID II.

(1.4) What is the difference between the primary listing and the secondary listing?

Within the different market segments financial instruments can be listed as primary listing or secondary listing.

Financial instruments that are not traded on any other trading venue can only be listed as a primary listing at the Stuttgart Stock Exchange.

Financial instruments already admitted to or included into another trading venue can be listed as a secondary listing upon request from the trading participant (applicant). Closer requirements about the primary listing and secondary listing of financial instruments are specified in the regulations of the Stuttgart Stock Exchange, especially in the Exchange Rules and the Terms and Conditions for Trading in the Regulated Unofficial Market. The regulations of Stuttgart Stock Exchange are published under the following link:

(1.11) What is the so-called Legal-Entity-Identifier (LEI) within the listing process of financial instruments?

The LEI code identifies the issuer of financial instruments and the company's structure and also specifies where the issuer of the financial instruments is supervisory categorized. The LEI is a mandatory field of the reference data reporting towards the European Securities and Markets Authority (ESMA). Since enter into force of MiFIDII/MiFIR in relation with the MAR, all European trading venues are required to daily report the listed financial instruments towards ESMA. For any further LEI information please refer to the website of the Global Legal Entity Identifier Foundation (GLEIF).

(1.12) What are the fees for the listing of financial instruments?

The listing fees for financial instruments at the Stuttgart Stock Exchange are specified in the Fee Regulations for the Regulated Market.

For the Regulated Unofficial Market the listing fees for financial instruments at the Stuttgart Stock Exchange are specified in the Fee Schedule.

The fees are distinguished between primary and secondary listings and between the asset classes.

The Fee Regulations and the Fee Schedule are published under the following link:
